*\*\*Additional Services may be added on for an additional fee such as Design or Full Service Planning -*

*Please let us know if you would like more information on these options\*\**

# Mishka a quick introduction -

My family heritage is deeply intertwined with Montana's landscape. A wheat farm in Fort Benton, Montana, was the seed my grandfather planted—a pioneer in the area of IH equipment dealing. My journey took me to the University of Montana, where I graduated and then embarked on an adventure that meandered across the United States before leading me eventually to Mexico, where my path took an unexpected turn.

More than two decades ago, I had the privilege of using my newfound talent, artistic eye, and a PASSION for crafting exceptional events. In the picturesque landscapes of Puerto Vallarta, I pioneered the title of "wedding designer," setting the stage for a remarkable journey.

2020 marked a momentous return to the Flathead Valley, bringing me closer to my parents and igniting a new chapter. I felt an irresistible pull to share the wealth of experience in design and creativity that I had garnered over the years. Montana became my canvas, and I couldn't be more excited about transforming dreams into a tangible reality.

This year I have partnered exclusively in Montana with Star Meadows and could not be more excited! Not only have I completely fallen in love with the lodge but the staff at Star Meadows are some of the most caring, dedicated, incredible human beings I have been privileged to work with.

This next season is going to be incredible and I cannot wait to work with you on your upcoming celebration in this amazing, beautiful location.
